

Starke, Fla., Sept. 13, 1935.

The Green Cross Spring thinks that the senatorial campaign might well be postponed for several months yet. We agree. But hasn't the Spring already been rapping Mr. Call over the knuckles.

A week or two ago the TELEGRAPH remarked that Senator Call was gaining strength in some portions of the state. Commenting on this remark the New Smyrna Bee says: "This is the first intimation we have heard for some time that Senator Call was gaining strength, and we think the TELEGRAPH must be joking now." Well, brother, we thought the senior senator had passed the Tampa Tribune, but the "Bee" Skerrall denies the soft impression.

"We sincerely trust that some one more fitted for the place than Charles Dougherty will take Mr. Call's place," says the Tampa Times in speaking of the senatorial election. It is doubtful if Mr. Dougherty ever thought seriously of accepting a seat in the United States senate. People who have ever heard a sample of "Charles" Dougherty's speeches are inclined to the belief that the announcement of his candidacy is made of the same material.

BRADFORD COUNTY has reason to congratulate itself on the quality of her school teachers. While in some counties the failures on the examinations are almost complete we are never bothered in the matter of getting teachers for our schools. Another nice feature of the matter is that nearly all of our teachers are our own young ladies and gentlemen. It takes pluck and perseverance to surmount State examination and our teachers possess those characteristics. Here lies the secret of their success.

Orange is a small town in the western part of Orange county, and one of its industries is a grist mill. One day last week over twenty wagons were at that mill loaded with corn to be ground into meal. The corn was home-grown and the meal was for home consumption. This was an unusual scene for Florida, and indicates that its farmers are beginning to cultivate food staples—Florida Citizens. The TELEGRAPH must differ with the Citizen when it asserts that it is an unusual thing to see home-grown corn ground into meal for home consumption in this state. This has been done by the nation for time immemorial. Why, the writer "went to mill" himself as far back as fifteen years.

**BRADLEY BROTHERS' REMEDY.**  
At the special meeting of the school board held last Wednesday it was moved and carried that the teachers be required to meet in teachers' institute at Lake Butler, Saturday before the first Monday in each month at 4 a. m. during the school term. (The first meeting being one week early, Sept. 24, 1935) or forfeit one day's salary for each absence.

The following program was arranged for the meeting on September 24th:  
Geographical Development—T. B. Hart.

**Historical Route of the Fort-A-Her-tyler.**  
Illustrate the Paving and Carpeting of a Room—Minnie Parish.  
An order was passed by the board allowing the county school to be opened Monday, September 30th.

At the luncheon to be held at Lake Butler on the 29th inst. Superintendent DeLoe will contract with teachers for the following schools which are not yet supplied:  
Highland, Hobson, Pine Grove, Green, Roeder, Hoye Church, Prevatt, Sparkman, Alderman, Moore, Varnes, Brooks, Simpson Pond, Gilkint, Whitehead.

Admission—Water Oak, Hope Well, Providence, Matthews, Jolly, Thurston, Highland.

There are all 800 schools except Roeder, which pays \$25, Matthews \$15, Hampton \$15 and Thurston \$50.

**A Household Treasure.**  
P. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it if procurable. A. A. Dykeman-Douglass, Canajoharie, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy that he has used in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested?

King, Lake Butler. Regular size, 50c. and \$1.

## COMPLAINTS' PROCEEDINGS.

The board of county commissioners convened in regular session Tuesday, September 10, 1935. Members all present. Chairman Todd called the board to order. The minutes of the last meeting were read and approved. The published business from the last meeting was disposed of as follows:

The petition signed by R. J. Andrews and other taxpayers of the county asking the board to refund to J. B. Dowling the \$100 reward paid by him for the capture of M. M. Driggers, who murdered R. T. Dowling, was granted, and the clerk was instructed to draw warrant in payment of same.

J. J. Dees and William Register were placed upon the invalid pension roll at \$20 per month each.

V. O. Tison presented \$2,500 worth of railroad bonds, new due, and submitted a proposition to carry them at 7 per cent. per annum. Interest payable semi-annually, and the \$1000 bond held by him to draw 5 per cent per annum. Interest payable semi-annually. The proposition was accepted by the board and the clerk was instructed to draw a warrant upon the county treasurer in payment of the first six months interest, beginning July 1st, 1935.

S. F. Gardner and the Bradford Lumber company were granted reductions of \$700 and \$1000 respectively in the assessment of realty for 1934. The tax collector was instructed to correct the errors and enter the same upon his list of errors and double assessments.

D. M. Spierman & Co. were granted a permit to sell apples and various liquors in the 5th election district (Starke) for one year, commencing October 1, 1935.

The investigation of the tax books for the year 1934 made the following showing: Amount charged to R. T. Dowling on all county taxes for the year 1934, \$15,000.00; amount collected by R. T. Dowling, \$4,174.00; balance uncollected and charged to J. C. Byrd, \$8,826.00.

Warrants were issued in payment of the following bills: Payable to order of J. C. Byrd, \$200.00; balance of \$1,626.00. Warrants for \$1,826.00. Board adjourned until the first Tuesday in October.

**Children, especially infants, are soon run down with Cholera Infantum or "Summer complaint." Don't wait to determine, but give it DeWitt's Cholera and Cholera Cure promptly, you can rely on it. Use no other. Starke Drug Co.**

**An Appreciated Compliment.**  
Mr. A. M. Latham, one of the TELEGRAPH's valued subscribers at Springfield, Mo., in renewing his subscription writes as follows:

Enclosed check \$1.00 for subscription to your valued paper. I take 30 or 40 newspapers, but yours from the Sunday Sun is always eagerly read first, as I want to know more of the land where I soon hope to have my winter home.

Yours very truly,  
A. M. LATHAM.

If you are weak and worn out, or have that tired feeling Hood's Sarsaparilla is just the medicine to restore your strength and give you a good appetite. Hood's makes pure blood.

For a dinner pill and general family cathartic we confidently recommend Hood's Pills.

**Cough Cures Change Hands.**  
Messrs. Tribby, Sternburg & Co. have sold their gin at Lake Butler. The purchasers are Lake Butler people, but the gin will not be continued at the old stand.

Messrs. Andrews & Dowling bought the greater part of the machinery and will add to their gin mill. Senator M. McKingy purchased two of the gins and Mr. E. M. Rogers now owns the building.

Mrs. E. E. Davis, of San Miguel, Cal., says: "I am trying in a measure to repay the manufacturers of Chamberlain's Cough Remedy for the great good they have done me. For years I was a constant sufferer from weak lungs and bronchial asthma. My rest at night was disturbed by a hacking cough, so that I felt miserable the greater part of my time. Many remedies were recommended by friends, but none of which proved suitable to my case. I did not experience any beneficial results until I began taking Chamberlain's Cough Remedy. After two bottles of the large size have been used I am pleased to state my health is better than it has been for years. The cough has left my lungs and chest, and I can breathe easily. It has done me so much good that I want all who are suffering from lung troubles, as I was to give it a trial." For sale by Starke Drug Co.

**A Special Billboard Train.**  
Friday, September 20th, will be Florida's Billboard Day at the Cotton States and International Exposition, Atlanta, at which it is expected nearly the entire State press will attend. In view of this event the Georgia Southern and Florida Railway, with their usual enterprises and courtesy, have sent out in the press past the little passes for themselves and family over their road from Palatka to Macon and return. They have also arranged for transportation via the Central Railroad of Georgia from Macon to Atlanta and return, and also admission to the exposition grounds. To accommodate this crowd the Georgia Southern and Florida Railway will run a special billboards' train, leaving Palatka at 5 p. m. on the 19th. The passes are good to return until the 20th.

A French writer says that every mistake in life may be traced to fear. But there is one mistake which must be traced directly to ignorance. When one of our readers is suffering with sick-headache, and does not know the easy method of cure, his mistake is not due to fear but lack of knowledge. For his benefit we will say here that Dr. Ramon's Tonic Liver Pills are the greatest known cure for the world for sick-headaches. Ask Starke Drug Co., your druggists, for a box. Only 25 cents—Unaltered free.

**NOT WHAT WE SAY, but what Hood's Sarsaparilla Does,** that tells the story of its merit and success. Remember HOOD'S Cures.

## HAMPTON ITEMS.

Dr. G. W. Abney was called to New River Saturday on professional business.

Under the able care of Dr. D. I. Jones Mr. Bolen Hall ("Uncle Bolen") is improving.

Mr. Simon L. Cook has opened up a shoe shop in Hampton for the purpose of repairing shoes of all shapes and styles and guaranteeing first-class work. He has purchased a machine for the business at a cost of \$50. Mr. Cook is a practical shoe repairer and anyone needing any work in that line, living in this vicinity, should patronize him.

Miss Lyla Dyal visited relatives in Waldo Friday, returning Saturday.

Mr. M. N. Blanton left Wednesday for Boston, Niagara Falls, and other points of interest.

We are pained to learn of the accidental killing of Andrew Hallwell, at Newberry. He has a few acquaintances in this place.

We wonder what lady will now lead the fashion of dressing in Hampton?

The hotel known as the William's hotel, has changed hands, and now is known as the Dyal hotel. Mrs. Maynard the former proprietress, looked closely to the comfort and welfare of her guests, but since we are fortunate enough to secure Mr. Dyal and estimable family to take charge, the traveling public may feel assured that it will be kept in comfortable and cozy style.

Mrs. S. L. Cook came to town Tuesday for the first time in a long while. Her many friends are glad to know she is able to be out again.

Mr. W. D. Darden, the former editor of the Hogshead, (Ga.) Bee, returned to Hampton Monday night.

The Hampton merchants are buying cotton at 44 to 50 a pound. Remember we have a cotton gin in Hampton, and are giving as much for cotton as any other town in prosperous old Bradford. Give us a trial.

Mr. Editor, if you will come down to Hampton Sunday you can see some girls worth seeing.

Miss Pearl Cook was in the city Saturday, the guest of her sister, Mrs. Jessie H. Seale.

There will be a grand basket picnic at the Baptist church Sunday, September 16th. It will be given in honor of the singing school taught by Mr. Fitch at this place. The fixed day will be his last singing day at this place. All who attended have been very much benefited in vocal music.

Hampton is inhabited by nothing but energetic people, who are full of peace and patriotism. It is cleansed from suicide, matricide, fratricide, homicide and all other kind of "vices."

Miss Laura Wynn spent last Sunday in the city, the guest of Mrs. Cherry.

Mr. E. C. Wynn is very much grieved over the mysterious disappearance of his son, Lang. The supposition is that he was enticed away from the parental roof. Lang will find that "there is no place like home," and none like dear old mother and father, who have protected him during his boyhood days.

At the Y. C. C. meeting Sunday, September 1st, Fred Kellum, was elected president, and Miss Lyla Dyal, secretary.

Last August while working in the vast field I became overheated, was suddenly attacked with cramps and was nearly dead. Mr. Cummings the druggist, gave me a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which completely relieved me. I now keep a bottle of the remedy handy. A. M. BUNNELL, Centerville, Washington. For sale by Starke Drug Co.

**SPRINGFIELD, Mo.**  
MESSRS. LIPPMAN BROS., Savannah, Ga. GENTLEMEN—I commenced taking P. P. (Prickly Ash, Poke Root and Potassum) last fall for eczema; my face was completely covered with the disease. I took a short course of P. P. and it was soon disappeared. This spring I became very much debilitated and again took another course, and I am now in good condition. I consider P. P. one of the best blood purifiers on the market, and for those who used a general tonic for building up the system, improving the appetite, I consider it has no equal. Will say any one who will care to try P. P. will not be disappointed in its results, and I therefore cheerfully recommend it.

ARTHUR WOOD, Springfield, Mo.

A certain cure for Chronic Sore Eyes. Tetter, Salt Rheum, Scald Head, Old Chronic Sores, Fever Sores, Eczema, Itch, Pruritus, Scabies, Sore Nipples and Piles. It is cooling and soothing. Hundreds of cases have been cured by it after all other treatment had failed. 35 cents per box. For sale by the Starke Drug Company.

**GENERAL FITZHUGH LEE.**  
LEXINGTON, VA., January 17, 1890.

Mr. A. K. HAWKINS—Dear Sir: When I require the use of glasses I wear your Pantoptic Crystallized Lenses. In respect to brilliancy and clearness of vision, they are superior to any glasses I have ever used.

Respectfully,  
FITZHUGH LEE,  
Ex-Governor of Virginia.

DELEON, TEXAS.  
MESSRS. LIPPMAN BROS., Savannah, Ga. GENTLEMEN—I have used nearly four bottles P. P. P. I was afflicted from the crown of my head to the soles of my feet.

Your P. P. P. has cured difficulty of breathing and smothering, palpitation of the heart, and relieved me of all pain; one nostril was closed for ten years, now I can breathe through it readily. I have not slept on either side for two years, in fact dreading to see night come; now I sleep soundly on either side all night.

I am 59 years old but expect soon to be able to take hold of the plow handles; I feel proud I was lucky enough to get P. P. P. and I heartily recommend it to my friends and the public generally.

Yours respectfully,  
A. M. HAMSEY.

**THE STATE OF TEXAS,**

**The "Blues."**  
Do you ever have the "blues"? Do you know what they come from? Do you want to know how to drive them away? Listen:

The "blues" are simply a natural result of a disordered liver. Your liver secretes bile instead of discharging it. The bile must be filtered from that which it is made blood, and if not properly filtered your blood becomes impure. Then you feel weakly, and "don't know why you are so blue."

Now, in two or three weeks time, you can make yourself feel like a new creature, with rosy cheeks, good appetite, healthy bowels and sound sleep at night.

Ask your druggist for **Ramon's Tonic Liver Pills** and **Ramon's Tonic Pellets**. These are two separate medicines, in separate boxes, but both together they cost only 25 cents.

You will then have a sure treatment which will not only cure your biliousness but prevent constipation in the future by strengthening your digestive system.

## A Valuable Invention.

Dr. S. C. Farris has been studying and working for some time to perfect a method for carrying away the heat of the cook-stove, thus rendering the kitchen, at least, endurable during the hot summer days. His work has at least been rewarded, and a few days ago he took the reporter out for a look at his invention. The method seems simple enough now that it has been perfected.

The heat is easily conveyed from the room by the construction of a double flue, one taking away the smoke, while the heat from it creates a draft and takes the heat and steam away through the other. The heat flue has an opening just above the stove and when the draft starts up the heat goes with it and the kitchen is left as pleasant as a room without fire. The flue is fitted with a damper for use during the winter when the heat is needed to make the room pleasant.

Dr. Farris thinks that his invention will be a boon to Florida people if they will only give it a trial.

## BIG PROFITS Small Investments

Returning property will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain, Provisions and Stock.

**\$10.00** Systematic Plan of Speculation originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of dollars in all parts of the United States who, by systematic trading through Chicago writers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 or \$100,000 of more by those who invest a few thousand dollars.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not put the whole amount invested on any trade, but covers both sides so that whether the market rises or falls it brings a steady profit. Send for our Manual on successful speculation and our Daily Market Report full of money-making pointers. ALL FREE. Our Manual explains margin trading and the "Secret" references in regard to our trading and success.
